Venue

Tank-fresh craft beer and sustainable urban gin distilling all under one roof.

Oh, and throw in an Aparthotel upstairs. Yeah, we know, it's pretty 'Dalston' alright... KRAFT Dalston is one of Dalston's newest venues, and sees young, independent brands German Kraft Beer and Jim and Tonic Distillery join forces to offer a unique and must-visit attraction in East London.

Drinks

On-site German beer brewery & sustainable gin distillery.

German KRAFT redefines traditional methods of brewing by creating clean, fresh beer brewed and served straight from the tank. In doing so, we reduce our CO2 footprint by 75% in comparison to the average brewery. Beers are available for purchase, but not included in the drinks packages.

Jim and Tonic believe it's about time quality spirits and sustainability went hand in hand. Distilled onsite at Kraft Dalston, Jim and Tonic use sustainable production methods to reduce waste water and conserve resources.
